SEARCHING

THE SIBERIA

(Continued from Page One).

able to aid the officers in securing the men, for the reason that the pair were not visible. They were thought to have stowed away on the vessel. According to the information in the possession of Tom Hong the missing men had boarded the Siberia two nights before she sailed from San Francisco and were stowed away by some of the Chinese crew, presumably. No trace of them was found during the voyage for they appear to have been kept out of sight.

Permission to search the vessel was refused to the local officers but subsequently Sheriff Brown conferred with Captain Zeeder, the master, and permission was promptly granted when the cablegrams from the San Francisco authorities were produced. Orders were also issued by Captain Zeeder for his officers to facilitate the search in every way possible. Tom Hong offered a reward of \$500 for the apprehension of his two men. He is naturally especially anxious to secure their apprehension as he is their bondsman and will forfeit \$20,000 in event of their escape. Tom caused the news to be circulated about the vessel after her departure that he would pay \$500 for information leading to the apprehension of the men but none of the Chinese crew were tempted by this offer, provided the men were aboard the Siberia.

Tom Hong is a wealthy merchant of San Francisco. He says the men were arrested originally for robbery.

WELLS PLEADS GUILTY.

C. Wells, former postmaster at Kawaihae, this morning pleaded guilty in Judge Dole's court to a charge of embezzlement of a Money Order. The case was set for Monday, for sentence.

COURT ADJOURNED.

Judge Dole excused his jury and adjourned court today on account of its being Good Friday. The Nicholas gambling case was to have been tried, but the defendant had no counsel, and the case was set for Monday.

HALEIWA.

The Haleiwa Hotel, Honolulu's famous country resort, on the line of the Oahu Railway, contains every modern improvement and affords its guests an opportunity to enjoy all amusements—golf, tennis, billiards, fresh and salt water bathing, shooting, fishing, riding and driving. Ticket, including railway fare and one full day's room and board, are sold at the Honolulu Station and Trent & Company for \$5. For departure of trains, consult time table.

On Sundays, the Haleiwa Limited, a two hour train, leaves at 8:22 a. m.; returning, arrives in Honolulu at 10

*Calling at Manila.

†Date of despatch from Honolulu for San Francisco via Kahului.

U. S. A. Transports will leave for San Francisco and Manila, and will arrive from same ports at irregular intervals.

The Chicago doctor who says that sunshine is harmful may not be as foolish as he sounds. Perhaps it is notoriety he seeks.

To Place New Bonds

COL. MACFARLANE ARRIVES FOR THE PURPOSE OF PLACING KOHALA DITCH BONDS.

Among the arrivals on the S. S. Siberia this morning from San Francisco was Col. George W. Macfarlane. Col. Macfarlane visited Honolulu last with the party of Banker J. Schiff of New York and looked after their entertainment during their brief stay in Honolulu.

It is reported that the purpose of Col. Macfarlane's present visit to Honolulu is in connection with the floating of a bond issue by the Kohala Ditch Company. The issue will, it is understood, be for \$500,000 gold bonds 20 years period, interest at 6 per cent, redeemable within ten years by the company at a five per cent premium.

According to a well grounded report the original intention was to allot \$300,000 of the bonds to San Francisco and the remainder to Honolulu but the allotment has been changed and half of the issue will be placed by Col. Macfarlane in Honolulu. A syndicate composed of the Anglo-California Bank of San Francisco, The Mercantile Trust Company of San Francisco, the Hind Estate, and Mrs. Campbell-Parker has it is understood, guaranteed the issue. Col. Macfarlane declined to make any statement regarding the matter but from the most reliable sources, it is understood that the placing of the local allotment will be begun very shortly by him.

Mrs. Macfarlane and daughter arrived with Col. Macfarlane.

TO SOON OPEN KOHALA DITCH

WATER WILL BE RUNNING JUNE 1 AND SYSTEMS WILL BE OPENED ON JUNE 11.

Water will be running in the new Kohala ditch on June 1 and on June 11 the formal opening of the ditch system will occur. There will be a gala occasion on that day. Mrs. Campbell-Parker and others interested in the project as well as prominent people about the islands will visit Kohala and enjoy the affair.

TREAT HIM WITH CIVILITY.

EDITOR STAR—Should the voters residing in the County of Oahu feel disposed to re-elect A. M. Brown as sheriff next November, wouldn't it be a little nearer the mark to extend the right hand of fellowship when he dons the garb of office for a new term? It seems very absurd to minify a sheriff like a sneak thief, and when he is reduced to the rank of a private citizen to admit that he "made a very good sheriff." But such is our ingenious Civil Bothersation Club's way, not likely to be altered.

OLD VOTER.

MRS. WICHMAN.

The Chronicle of April 6 has the following:

Mrs. H. F. Wichman, sister of Lieutenant Fred P. Green of the Central police district of this city, died at Honolulu March 27th, after a lingering illness. The body was cremated, and the ashes will be sent to Oakland, her former home, for interment. She had been a resident of Honolulu for a number of years, where her husband conducted one of its leading jewelry establishments. She had been identified with church work and the social life of the island capital. She leaves a husband and three children—Frederick, aged 14; Eloise, aged 9, and Stephanie, aged 5 years.

MARION ERWIN

MUSICIANS OF NOTE ARE HERE

MR. AND MRS. J. N. MARQUART ARRIVED ON THE ALAMEDA—THEY WERE HERE IN 1901.

Mr. and Mrs. J. N. Marquart, the musicians who are to give a concert in the Opera House on Thursday, April 19, arrived this morning on the Alameda. Mr. Marquart is a violinist and his wife a harpist.

They were in Honolulu in 1901 and played at the Fourth of July celebration on that day. They then went to Japan, China, Manila, Straits Settlements, Siam, Java, Sumatra, Ceylon and India. While in Ceylon they gave a concert for the 6000 Boer prisoners held there at that time. From India they went to Germany to their home.

After giving a few concerts in Germany they returned to America to join the Symphony Orchestra at Philadelphia. They toured the East and then came to San Francisco.

This tour is practically the same with the exception that they go to Australia and South Africa, then to India, Japan, Siberia and possibly Russia.

They will give a concert here Thursday evening, April 19, at the Opera House.

TODAY IS GOOD FRIDAY

NEARLY ALL THE BUSINESS HOUSES ARE CLOSED TODAY ON ACCOUNT OF THE HOLY DAY.

Nearly all of the business houses of the town are closed today on account of it being Good Friday. Only book and drug stores are open with the possible exception of a few smaller concerns.

A few of the houses were open long enough to attend to the mail received today.

All of the different churches hold services today. At St. Andrew's Cathedral there was a three hour service from 12 until 3. The last of the noon-day Lenten services was held today in the Young building. Philip Dodge delivered the address.

STACKABLE IS NOW READY TO GO

COLLECTOR RECEIVES NOTICE FROM TREASURY DEPARTMENT OF HIS LEAVE OF ABSENCE.

Collector of Customs E. R. Stackable received by mail today his notice of leave of absence for six months from his local office. The notice came in a communication from the Treasury Department. He is now ready to depart for Europe in the interests of the Territorial Immigration Commission, for the purpose of securing settlers for these islands. The date of his departure is not announced but he will probably leave as soon as possible, after holding further conferences with the authorities. R. C. Stackable the special deputy, will be acting collector during the absence of the regular collector.

CAN NOT FIND CHINESE.

Assistant Sheriff Vida has about given up the work of hunting for the two suspected Chinese robbers on the S. S. Siberia. He and a number of officers have been about various parts of the vessel but have found no trace of the men. It is thought by the local officers that the men desired by the San Francisco officials are not on the boat.

AN ISSUE FOUND FOR THE CAMPAIGN

(Continued from Page One).

The appointments were by Governor Carter, but the whole proposition, as a matter of campaign thunder, is charged to the Republicans. The campaign thunder is sounding already in the native press on all the islands, with plenty of indications of the strictly Hawaiian movement.

The Kuhl's supporters are reported to be in line with this scheme, even if Kuhl is nominally a Republican. In fact his Republicanism is regarded as a very nice proposition to line up the Republican organization practically behind the Home Rule party as far as the delegateship is concerned. It is reported that a secret native organization exists which will take any other prominent Hawaiian out of the race for delegate against Kuhl. The prominent Hawaiian leaders are said to have bound themselves not to run against Kuhl.

At the same time Kuhl's strength among real Republicans, Hawaiian or white, has suffered something of a slump recently. Several prominent members of the party have declared themselves opposed to his being nominated again, and the indications at present are that he will have a very hard job to make the Republican convention nominate him. Returning members of the refunding delegation, while expressing appreciation of his efforts, have come with statements by prominent Republicans of the national capital which are strongly against Kuhl.

REPORT ON REBATE BILL

(Continued from Page One).

mercial body of the mainland, with the currents of commerce and money circulating through them; instead, they are detached units with a definite amount of circulating medium within each. To constantly take revenues from such a detached territory without some systematic return of the same can not but result in injury to it.

In the case of Hawaii, we took over an established government which had been a separate sovereignty for three-quarters of a century. During that time Hawaii had built up its own fiscal system, with its customs receipts furnishing more than one-third the entire government expenditures. It is claimed on behalf of Hawaii, when its organic act was before Congress, that all those revenues should be returned to the Territory for its use, and it was predicted that their loss would seriously embarrass the local government. For five years the Territory has tried the present system, with increasing difficulty.

A total of \$8,562,146 in local taxation has been raised by taxes on land, personalty, income tax, inheritance tax, license, occupation tax, stamp tax, and every known form of taxation. Of this sum approximately \$550,000 has been spent for the care and maintenance of lepers. Their local tax per capita has during the past five years increased 50 per cent.

Even these means could only meet the current expenses, and in order to build schools and necessary public works an indebtedness of \$3,874,000 has been incurred.

The total per capita tax of every man, woman and child in the Territory is now over \$22 per annum. The cost of living in the Hawaiian Islands is very high, owing to the fact that all the necessities of life, including almost the entire food supplies, are imported; the cost of government in Hawaii is necessarily high, both because of the high cost of living and consequently higher salaries, and also because of the machinery of government necessary on each separate island, and the high cost of inter-island communication. Road construction and maintenance is expensive for the above reasons, and further because of the mountainous character of the islands and the numerous deep gulches to be crossed.

During the five years since annexation Hawaii has paid into the Federal treasury \$5,329,462.32, or an average of over \$1,250,000 per year. The annual cost of Hawaii to us for collection of revenues and for Federal salaries is about \$150,000. The total of all Federal salaries, expenses, and appropriations for this same period, except defenses which are for national protection, have been about \$2,200,000, or an average of \$440,000 per year.

It will thus be seen that, after deducting all payments and appropriations that have been made for the use and benefit of Hawaii, we have unconsciously drawn a net sum of \$4,100,000 from that Territory, or a net balance of slightly over \$800,000 per year, which has been withdrawn from the island's circulation and shipped in gold coin to the subtreasury at San Francisco.

Ignoring, for the moment, the wishes of Hawaii and acting only from a national standpoint, your committee believe that for a time, at least, three-fourths of these revenues should be set aside to meet the need for public works in these islands and to assist in building up a substantial American territory in the mid-Pacific.

It is both unsound as a national policy and also unworthy of the dignity of a great nation that an insular territory which voluntarily gave its own sovereignty to us should be compelled to send revenues needed to develop its separate and detached life merely to form a dribble in our national income.
